

Behavior Analysis

Behavior Analysis Services address problem behaviors such as aggression, self-injury, property destruction, inappropriate sexual behavior, and other behaviors which may interfere with the consumer developing relationships with peers, participating in the community and in the routines of life.

Behavior analysis services includes a functional assessment (i.e., indirect, direct and functional analysis) to assist in the development a Behavior Support Plan. Ongoing behavior analysis service includes the training and monitoring of the Behavior Support Plan implementation. Behavior Analysts are on-call 24 hours a day, 7 days a week to support the effective implementation of the Behavior Support Plan.

Experienced Management and Behavior Analysis Team - Dedicated, Quality Staff

Attain, Inc.'s management and clinical team are dedicated to providing the highest quality supports to individuals with disabilities. Attain, Inc.'s Directors have over 30 years combined experience directing programs for people with developmental disabilities. Attain, Inc.'s Program Coordinators have between 3-10 years of experience supporting people with developmental disabilities. Attain, Inc.'s Behavior Analysts have achieved national certification from the Behavior Analysis Certification Board and have experience supporting people with developmental disabilities.

Attain, Inc. offers staff who are well trained and supervised in the areas of resident rights, behavior analysis, CPR, first aid, medication administration, person centered planning and much more. Every staff member of the Attain, Inc. undergoes a criminal history background check and driving record screening. Our staff are dedicated, committed to providing quality services and eager to help meet the needs of the individuals we serve. Attain, Inc. is a drug free workplace.

Community Support

How can I help?

Attain, Inc. relies on community support to fulfill its mission.

Volunteer- See www.myattain.org/volunteer for a current list of volunteer opportunities. Volunteer opportunities may require a background screening and training.

Donations—We accept donations and discounted professional services, materials or products. Go to www.myattain.org/donations.htm for a current 'Needs List.'

Contributions—Attain, Inc. accepts online contributions via Paypal at www.myattain.org/aboutus.htm. Financial contributions are used to pay for clothing, leisure, recreational, and educational activities.

Sponsor a "casual day" at your place of work—Host a casual day at your place of work with the proceeds to benefit Attain, Inc. Employees who want to dress casual on the designated "casual day" can contribute donations to Attain, Inc.

Behavior Analysis Services
Community Integrated Adult Day Training

A Florida not-for-profit corporation supporting people with intellectual and developmental disabilities

Our Mission

To build relationships and enhance the quality of life for people with intellectual and developmental disabilities. Attain, Inc.'s community services offer a variety of options in the Central Florida area appropriate to the needs of the individual.

Our goal is to support people with disabilities to:

- Ensure people are safe and healthy
- Enjoy life
- Be as independent as possible
- Participate in the daily routines of life
- Overcome problem behavior

The Values of Attain, Inc.

- Respect the rights of individuals
- Focus on the importance of the individual
- Treating people with dignity
- Ensuring individuals are safe from injury or illness

ANNIVERSARY
1988-2018

Community Homes

Attain, Inc. offers housing options in the Central Florida area with supports appropriate to the needs and choices of the individual.

"Home" is More Than a House. Attain Inc. provides a "home" for individuals. A group home is different from the traditional "institution", where people are given few personal choices. At Attain, Inc. choices are the rule, not the exception. The people served by Attain, Inc. go about their lives in much the same way as most people in the general public, deciding for themselves what to wear, where to go, and which activities and interests to pursue. Members of the staff of each home provide the support necessary to make these choices achievable.

Each home is as unique as the people who live there. Homes serve between 6 people at a time. They are located in quiet neighborhoods in Central Florida. All of them have one thing in common, however: they provide a comfortable, safe, and enjoyable place that the people we serve can truly call "home".

Community Integrated Adult Day Training

As an alternative to traditional sheltered workshop based service, Attain, Inc. has developed an Adult Day Training (ADT) program that is an integrated community based experience which focuses on participation, increased enjoyment of life, improved social skills, and independence.

Attain's ADT services stress training in the activities of daily living, self-advocacy, adaptive and social skills that are age and culturally appropriate.

Individuals we served have participated in many different activities in Central Florida. The focus of our ADT program has been to increase appropriate socialization, cooperation with staff and peers, and participation in a variety of meaningful activities which are part of the daily routines of life. For information on the admission criteria go to www.myattain.org.
